

A graduate of the CMP Homoeopathic Medical College, Mumbai, Dr. Bhawisha Joshi is a known homoeopath and a world-class teacher of Homoeopathy. She has been in practice along with her homoeopath husband, Dr. Shachindra Joshi, since a decade. The duo has been teaching in different countries all over the world for ten years.

Dr. Bhawisha has conducted many provings, some of which are from the Rutaceae family and Imponderables (Laser beam). Her insight into the Noble gases, Imponderable remedies and Nosodes has won her international acclaim. Through her clinical experience and her seminars, Bhawisha has emerged as an original thinker in many ways. She and her husband have clarified many difficult areas of the mineral kingdom remedy pictures. They have been instrumental in bringing clarity and refinement to the understanding of mineral and salt remedies. Together they have managed to 'complete' several 'incomplete' areas of mineral understanding.

Drs. Bhawisha and Shachindra together represent Homoeopathy in the prestigious Science Museum of London. All over the world in homoeopathic circles, they are known as the '**Dynamic Duo of Homoeopathy**'.
